PROFESSIONAL SUMMARY

Final-year Computer Science student (8th semester, CGPA 3.5/4.0) with hands-on internship experience across data analytics, machine learning, and full-stack AI development. Skilled in Python, SQL, and deriving data-driven insights from large datasets (50,000+ records analyzed). Experienced with FastAPI microservices, RESTful API development, and end-to-end deployment, with a strong front-end background in React JS and Tailwind CSS across multinational projects.

EXPERIENCE

Full Stack AI Intern — Netsol Technologies *Jun 2025 – Jul 2025*

- Built full-stack AI applications using a FastAPI backend, SQLAlchemy ORM, and a React frontend
- Integrated a custom-built machine learning model into the application

Data Scientist Intern — McDonald's Corporate *Sep 2024 – Nov 2024*

- Completed a Business Analytics and Data Science internship covering the end-to-end analytics workflow
- Analyzed 50,000+ ERP transaction records using Python (Pandas, NumPy) to support operational decision-making

Data Science Intern — The Sparks Foundation *Sep 2023 – Dec 2023*

- Explored business analytics use cases, extracting actionable insights from large, real-world datasets
- Completed multiple hands-on ML projects, published and documented on Kaggle and personal portfolio

Front-End Developer — Virtual University *Jan 2023 – Apr 2023*

- Developed and deployed real-time front-end projects using React JS and Tailwind CSS for company web services

Front-End Developer → Senior Front-End Developer — Canidade Global *Oct 2022 – Jan 2023*

- Built and deployed responsive front-end user interfaces using HTML, CSS, and JavaScript on AWS

SKILLS

Data Science & ML: Python, Pandas, NumPy, Scikit-learn, Machine Learning, Deep Learning, NLP
Data Analytics: EDA, Data Cleaning, Data Visualization, Power BI
Databases: SQL, MongoDB, PostgreSQL, SQLAlchemy
Frameworks & Libraries: FastAPI, Express.js, React JS, Node.js, Tailwind CSS
Programming Languages: Python, C++, JavaScript, Assembly
Tools & Platforms: Git, GitHub, Jupyter Notebook, VS Code, Postman, pgAdmin, Chrome DevTools, Sentry

CERTIFICATIONS

- Machine Learning Explainability — Kaggle (Sep 2026)
- Graduate Rotational Internship — The Sparks Foundation (Feb 2024)
- Data Analysis with Python — freeCodeCamp (Sep 2023)
- Machine Learning with Python — freeCodeCamp (Sep 2023)
- Front End Development Libraries — freeCodeCamp (Jan 2023)
- JavaScript Algorithms & Data Structures — freeCodeCamp (Nov 2022)

EDUCATION

BS Computer Science — Virtual University, Pakistan *2023 – Present (8th Semester)*
CGPA: 3.5 / 4.0

Intermediate — Forman Christian College, Pakistan *2020 – 2022*
Matriculation — Bahria Foundation College, Pakistan *2018 – 2020*
